Care of Instrument

- Always open with case on the floor.
- Assemble in the manner shown by your teacher to avoid damage
- The body of the flute is very fragile, take care not to damage it or bend the keys
- Swab the flute after each use, this will help the pads last longer
- DO NOT oil the keys unless instructed to do so by your teacher
- Flutes can be damaged by too much moisture, do not wash instrument
- Clean only in the manner described by your teacher
- To keep it working properly, it must be played each day
- Keep the connecting joints wiped off to maintain easy assembly
- Use only a polish cloth that is made for your particular model flute
- Do not use any kind of abrasive silver polish
- Do not try to repair your instrument without contacting your teacher or the music store
- ***DO NOT put your instrument together until your music teacher shows you how!!!***
